About the Organizer	<p>Shanghai Business School is a high-level public applied university with distinctive business characteristics, SBS has four campuses on Fengpu, Zhongshanxi Road, Caobao Road and Guoquan Road, respectively and one school site on Fuzhou Road, with a total of more than 9,000 full-time students and a faculty and staff of more than 700. The institution comprises 12 secondary colleges, offering 29 undergraduate programs and 6 master's degree programs (in Tourism Management, International Business, Finance, Business Administration, Engineering Management, and Social Work). Insisting on open school management, SBS has striven to enhance its international reputation and influence. SBS has cooperated and exchanged with more than 109 universities and research institutions in the United States, the United Kingdom, Australia and other countries and regions, initiated the establishment of the Belt and Road International Alliance for Business Education, and established an international alliance of high-end business think tanks and an overseas education base in Central and Eastern Europe. MOFCOM Training Base for International Business Officials (Shanghai) was established in 2010 by the Ministry of Commerce of the People's Republic of China, and is one of the first four training bases for international business officials authorized by the MOFCOM, and the only one in the Yangtze River Delta region. The foreign aid training work undertaken by the Base has been highly valued by SBS, and the president in charge of foreign aid training. The foreign aid training work of SBS has received high attention and support from Shanghai Municipal Commission of Commerce and Shanghai Municipal Commission of Education.</p> <p>By the end of 2024, Shanghai Training Base has successfully held 307 seminars (including 10 ministerial programs), training 9,748 officials(including 41 ministerial officials) from 147 countries and regional organizations in 6 continents. The seminar topics cover finance, trade, urban planning and construction, infrastructure planning and construction, transportation management, scientific &amp; technological innovation and entrepreneurship, enterprise management, financial management, judicial cooperation, maritime management, logistics management, e-commerce□vocational education□tourism and hotel management and other fields. The training languages include English, French, Spanish, Portuguese, Arabic, Russian, Mongolian and Vietnamese. The programs have received consistent praise from the fellow participants.</p> <p>Since 2021, SBS has adapted to the new situation of foreign aid training and explored and practiced online training mode for it. Based on the basic principle of “signing-in requirement, and the recording, monitoring and restoring capacities”, SBS has developed a set of online foreign aid training management service platform. The platform is equipped with a variety of teaching and management functions, which can be applied to online, offline and online-offline combined forms of training, contributing to higher convenience in fellow participants' daily learning and support services as well as the provision of data support for learning evaluation. The foreign aid training work and the management service platform have been gotten affirmation by both online and offline fellow participants.</p>
