About the Organizer	<p>The Academy for International Business Officials (AIBO) is an educational and training institution directly under the Ministry of Commerce of the People's Republic of China. Established in 1980, AIBO is located in Changping District, Beijing, about 30 kilometers from Beijing Capital International Airport. It boasts comprehensive infrastructure to provide services such as accommodation, catering, training and meetings for trainees.</p> <p>One of the main responsibilities of AIBO is to implement human resources development and cooperation projects, especially training courses for officials. The Academy serves as the main base for China's foreign aid training, offering both off-line and on-line training in China and overseas.</p> <p>Backed by the Ministry of Commerce and in close cooperation with China's top think tanks, research institutes and universities, AIBO brings together a large number of China's top experts and scholars to provide intellectual support for foreign aid training. It has developed a number of high-quality foreign aid training projects in the fields of trade and investment, international economic cooperation, governance and public management, which have proved to be fruitful.</p> <p>Since 1998, AIBO has successfully held over 2,000 training sessions for officials from developing countries (including 131 ministerial seminars), benefiting nearly 70,000 trainees from other developing countries around the world.</p> <p>AIBO will adhere to the guidance of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, and take the important concepts, including a community with a shared future for mankind, pursuing the greater good and shared interests, and sincerity, real results, amity, good faith, mutual benefit and inclusiveness, as strategic guidance and fundamental principles to be followed. It will facilitate the joint efforts in implementing major initiatives such as the Belt and Road Initiative (BRI) and the Global Development Initiative (GDI), and continue to help developing countries accelerate their development by sharing China's experience and programs.</p> <p>China Leather and Footwear Research Institute Co. Ltd. (CLFI), founded in Beijing in 1959, is the sole state level, professional and comprehensive research organization in China leather and footwear industry. It is the scientific research center, the standardization center, the quality supervision and inspection center, the information center, the productivity promotion</p>	

	<p>center as well as the engineering technology center.</p> <p>During the last 60 years, CLFI has taken on and completed over 400 important projects commissioned by state, ministries, as well as municipalities and has won more than 100 varieties of national, provincial and ministerial science and technology awards and drafted and revised over 500 state and industry standards. Therefore, CLFI has made great contribution to the development of China leather and footwear industry.</p> <p>CLFI consists of 137 staff members, including 14 professor senior engineers, 22 senior engineers, 10 doctors. There are 5 doctoral supervisor and 3 master supervisor.</p> <p>By the end of 2024, CLFI has organized/co-organized 23 seminars/training courses, receiving more than 600 participants from more than 50 countries and regions around the world.</p>
About the Project	<p>Background: With the continuous improvement of global environmental awareness, the leather industry has also begun to pay attention to environmental protection and sustainable development issues. Many brands and manufacturers are starting to use environmentally friendly materials and production processes to reduce waste and pollutant emissions; At the same time, it also pays attention to the recycling of resources and the economical use of energy to promote the sustainable development of the industry.</p> <p>Purpose: To enable participants to understand the development mode of China's leather industry, advanced clean tanning technology and tanning waste treatment technology; Participants can carry out effective discussions and learning exchanges according to the content they have learned and combined with the actual situation of their own country, further promoting the development of their own leather industry, and also contribute to strengthening exchanges and cooperation with China's leather industry.</p> <p>Content: Main training courses and content introduction</p> <p>(1) Public course introduction: China's national conditions, Chinese economic reform and open-up, Experiences of China's economic development, etc.</p> <p>(2) Professional course introduction: Overview of leather industry development in china, leather standards and inspection, eco-leather production and tannery clean production technology, green manufacturing system and its application in leather industry, leather waste resource utilisation technology, research and application of chrome-free tanning technology, tannery wastewater treatment technology, green leather chemicals overview, basic rules and classification, research progress in preparation and application of green leather chemicals.</p> <p>(3) Hands-on training and exchange meetings : Through on-site teaching and practical operation, students can master the core technology of leather processing. Visit leather related enterprises and factories, exchange practical operations and discuss to solve the practical problems in the production of enterprises.</p> <p>(4) Tours : Nanjing historical sites to learn about Chinese culture.</p> <p>Method: Invite officials, experts and scholars in relevant fields to give special lectures on different themes; organize discussions and exchanges between trainees and experts and among trainees; organize trainees to visit to relevant organizations and enterprises in Beijing and other cities.</p>

	(The above is the preliminary schedule, which may be adjusted according to the actual situation, and the final version will be provided upon arrival in China.)
Notes	<p>1. Please prepare your passport, Chinese visa and third-party transit country visa (if necessary) before coming to China.</p> <p>2. If you cannot depart on time due to special circumstances, or if there is a flight delay during the transfer, please contact the Chinese embassy or the organizer in time and inform the staff of the new flight No. and time of arrival in Beijing so that the staff can arrange pick-up for you.</p> <p>3. In principle, it is not allowed to change the air tickets to China. If you really need to do so, please contact the Chinese embassy and follow the procedures to change your ticket. If you change the air ticket without consent, the organizer will report it to the Chinese embassy and the costs and responsibilities therefore incurred shall be borne by yourself.</p> <p>4. After claiming your luggage, please wait patiently at the international arrival exit (or domestic arrival exit) and the staff will pick you up with a pick-up board with your name on it. If you wait more than 15 minutes, please call the organizer immediately.</p> <p>5. In case of lost luggage to be registered with the airline, please first communicate with the organizer to confirm the luggage delivery location and then fill in the registration form.</p> <p>6. Dress code: Please pay attention to the weather conditions of the host city during the seminar and bring appropriate clothes. For important occasions, please dress formally (national costumes are acceptable).</p>
